

DESERT HOMESTEAD LODGE • FACTSHEET 2023 / 2024

Lodge

At Desert Homestead Lodge, an atmosphere of leisurely ease combines with panoramic views, a sizeable shaded deck area with 2 pools and sophisticated cuisine. The architecture is a modern interpretation of a stud farm with harmoniously matching furnishings and fittings in the main building which houses the restaurant, lobby and lounge, as well as the 28 Chalets.

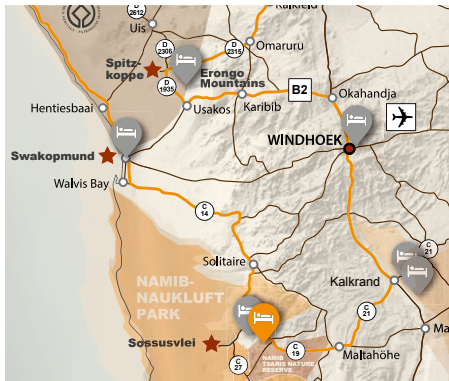

Desert Homestead Lodge is located in the Namib Tsaris Nature Reserve, a private nature reserve that is dedicated to protecting the unique and fragile desert environment.

The lodge is a good starting point for excursions into the world-famous Namib-Naukluft National Park, home to the Namib Sand Sea, a UNESCO World Heritage Site which includes Sossusvlei, Deadvlei, Dune 45 and the Sesriem Canyon.

Desert Homestead Lodge is famous for its horse safaris in the Namib Desert which are suitable for experienced riders as well as for beginners (under guidance of experienced riding instructors)
