

## HOHENSTEIN LODGE • FACTSHEET 2023 / 2024

### Lodge

The Hohenstein Lodge is located at the bottom of the highest peak of the Erongo Mountains. In the evening, spectacular sunsets bathe the mountain in fantastic red light. The view over the vast landscape extends as far as the Spitzkoppe peak, protruding as a prominent relief from the plain. The lodge is the perfect starting point for exciting outings to the Hohenstein on foot, by bicycle or on a scenic drive on one of our game drive vehicles. Day trips to Spitzkoppe and the neighboring Ameib farm can be done conveniently. The accommodation at Hohenstein Lodge is in 14 spacious rooms, each with a shaded terrace for relaxation in a calm atmosphere.

A spacious Superior room, located some distance away from the main lodge offers privacy and undisturbed views on the mountain. Equipped with air-conditioning and accommodating 2 persons, it extends the offer at Hohenstein Lodge.
