

KALAHARI RED DUNES LODGE • FACTSHEET 2023 / 2024

Lodge

The Kalahari Red Dunes Lodge is located in and around a vlei in the dunes of the western outskirts of the Kalahari. It is here where the vast Karoo desert meets the first red dunes of the Kalahari desert. The small lodge with its individually and lovingly designed suites offers high amounts of space and privacy. The new, spacious reception building welcomes the guests. Following a wooden walkway, the main building, with restaurant and cosy fireplace, bar, attached lounge and the new “Kalahari Lounge” with a fine selection of whiskey and a pool with a shaded area and pool loungers, is located in the center of the vlei.

The new “Massage Lounge” is a wonderful addition to the lodge and offers a carefully selected choice relaxing of massages.

The guests are welcome to explore the Kalahari desert on foot, on the well-signposted network of hiking trails, by bicycle or on one of the nature drives in the morning or afternoon hours.
